

2018 COURSE DATES

MIDAS
METS ENGINEERING

INTRODUCTION COURSES

ASSAYING

EOI

ESSENTIAL GUIDE TO MINING

9 March 11 May

6 July 11 October

METALLURGICAL TESTWORK & INTERPRETATION

25 May 23 November

METALLURGY FOR NON-METALLURGISTS

15-16 March 28-29 May

12-13 July 25-26 October

3-4 December

MINING PROJECTS: FROM DISCOVERY TO PRODUCTION

6 April 2 November

PUMPING AND PUMP FUNDAMENTALS

2 March 29 June

THE FUNDAMENTALS OF IRON AND STEEL MAKING

28 June

WATER MANAGEMENT IN MINING

EOI

BENEFICIATION OF LOW GRADE IRON ORES

13 April 17 August

BENEFICIATION OF LOW GRADE ORES

8 February 24 August

COPPER EXTRACTION

23 March 14 September

IRON ORE PROCESSING

9 February 5 April

19 July 10 August

21 September 30 November

LEAD ZINC ORE PROCESSING

8 June 9 November

MANGANESE ORE PROCESSING

22 March 7 September

NICKEL EXTRACTION

7 June

PRECIOUS METALS, REE & FUEL COURSES

COAL PROCESSING

4 May 16 November

GOLD EXTRACTION

16 February 21 March

27 April 10 May

22 June 20 July

3 August 12 October

14 December

RARE EARTH ELEMENTS

2 February

URANIUM

EOI

GENERAL PROCESSING COURSES

BULK MATERIALS HANDLING

15 February 23 August

CRUSHING AND GRINDING

12 April 5 September

DUST MANAGEMENT

5 July

FLOTATION

24 May 5 October

METAL RECOVERY PROCESS

EOI

METALLURGICAL ACCOUNTING

31 May 11 July

4 October

MINE TAILINGS DISPOSAL

EOI

MINERAL PROCESSING

22-23 February 22-23 March

19-20 April 17-18 May

14-15 June 26-27 July

30-31 August 27-28 September

18-19 October 22-23 November

PROCESS CONTROL FUNDAMENTALS

EOI

PROCESS MINERALOGY

EOI

SAFETY IN MINERAL PROCESSING PLANTS

EOI

SLURRY PIPELINE SYSTEMS

30 May 8 November

SOLID/LIQUID SEPARATION, FILTERING & DRYING

1 June 13 December

HYDROMETALLURGY COURSES

BACTERIAL LEACHING

EOI

CYANIDE MANAGEMENT

EOI

HEAP LEACHING

1 March 6 September

HYDROMETALLURGY

EOI

PRESSURE HYDROMETALLURGY

26 April 17 October

SOLVENT EXTRACTION

28 March 13 September

INDUSTRIAL MINERAL COURSES

INDUSTRIAL MINERALS

7 March 9 August

PHOSPHATE PROCESSING

12 April 3 May

24 October 6 December

PROJECT MANAGEMENT COURSES

COST ESTIMATION

21 February 21 June

7 December

PROCESS PLANT OPERATION

EOI

PROCESS PLANT OPTIMISATION

EOI

SENSIBLE COST CUTTING

20 June 20 December

ECONOMICS OF MINERAL PROJECTS

7 February 18 July

FUNDAMENTALS OF FEASIBILITY STUDIES

EOI

ABOUT METS

Mineral Engineering Technical Services Pty Ltd (METS) is an independent specialist consulting group providing services to the global mining industry. Our professional staff are available to help on any job in Australia and overseas. Since 1988, METS has established itself as a quality service provider. METS is aptly skilled to provide comprehensive services to the mining industry in mineral processing, engineering design, training and specialist services. Our core purpose is to make economic resource projects more robust and to make robust projects realise their full potential.

METS is part of Midas Engineering Group, comprising of CDMS Consulting Engineers, Midas Environmental, Mineral Engineering Technical Services, Norden Engineering and Wilkie Civil Engineering. Together we provide a wide range of quality engineering services across numerous disciplines and industries.

CONTACT & REGISTRATION

For information on METS training courses and services or to register please visit our website or contact our training department on +61 8 9421 9000 or training@metsengineering.com.

COURSE INFORMATION

All of our courses are held in our office in West Perth with easy access via public transport or many parking facilities close by. Morning tea, lunch and afternoon tea are provided on all internal courses

Booking confirmation will be sent via email upon receipt of payment. No refunds for cancellations made within 1 week of the course or for no-shows. Cancellation fees may apply. Course presenter is subject to change depending on availability. METS reserves the right to postpone a course should minimum numbers not be met. Payments must be received prior to course commencement. Substitution of one delegate for another is not considered a cancellation (applies only to non-package bookings). All courses of a package must be ordered at the same time for package price to apply. Cancellation of individual package courses will result in fee being adjusted to the applicable rate for the actual number of days attended.
